Intro to the **Premiere Pro Program**

Premiere Pro is used for editing videos, commercials and other film, television, and online video. It is a comprehensive video editing software application and is also available as part of the Adobe Creative Cloud set of applications.

About the **Premiere Pro Certification**

This course is designed for clearing the TechVidya Premiere Pro Certification. The entire course content is in line with the certification program and helps you clear the certification exam with ease and get the best jobs in top MNCs.

As part of this training, you will be working on real-time projects and assignments that have immense implications in the real-world industry scenarios.

At the end of this program, there will be a assessment that perfectly reflects the type of questions asked in the certification exam and helps you score better marks.

TechVidya Course Completion Certificate will be awarded upon the completion of the project work and upon scoring at least 60% marks in the final assessment.

Objectives of the **Premiere Pro Certification**

- Understand terminology used in video editing
